KNOW BEFORE YOU GO

PARK CAPACITY POLICIES

With the popularity of Prairie Lights, some nights may experience longer wait times for general admission entry. Because we value each of our customers and want you to have the best possible experience while at the event, our policies on closing times are as follows.

The line of vehicles waiting to enter Prairie Lights will be capped once the park reaches that evening's capacity. Once this happens, a marked staff vehicle will be placed in each of the lines that lead into the park. At that time, we will communicate that the park has reached capacity for the evening. Guests who are already in line before this point will be admitted into the event; guests who arrive after this time are encouraged to return on another night.

FOR YOUR SAFETY AND ENJOYMENT

- **Turn OFF your headlights during the drive-thru**
- **Remember to turn ON your headlights before leaving the park**
- **Follow at a safe distance and speed**
- **Stay inside your vehicle during the drive-thru**
- **Restrooms & concessions are located at the midway point**
- **General Admission tickets are valid every day through the remainder of the season. As a reminder General Admission tickets are valid for a one time use.**
